Subject: Training Courses
To all Pak Designs project leaders:
In the coming weeks, we will be organizing several training sessions for 29 employees. At Pak Designs, we
believe that with the proper help and support from our senior project leaders, less experienced staff can quickly
30a deep understanding of the design process. 31, they can improve their ability to communicate
effectively across divisions. When employees at all experience levels interact, every employees competency level rises
and the business overall benefits. For that reason, we are urging experienced project leaders to attend each one of the
interactive seminars that will be held throughout the coming month.32
Thank you for your support.

Maintaining the balance between services and tax rates, as well as encouraging economic growth while providing for community needs, is an ongoing challenge and one of our most important tasks. Our challenge is to provide cost-effective services without sacrificing assistance to our citizens in need. We must encourage economic development without sacrificing our neighborhoods. We must foster business development that will provide jobs for our citizens right here in our own community without harming the quality of life that makes this city such a great place to live and raise our families.

It is citizen participation more than anything else that makes this community special. Without the interest, support, and involvement of neighbors like you, our community would not be such a wonderful place to live, work, and go to school. We always welcome your ideas and are happy to discuss with you any thoughts or concerns you may have about the many changes that are taking place in our community today. Please don't hesitate to contact us by phone or e-mail and let us know what is on your mind. We appreciate your contributions and look forward to continuing to serve the community's interest.

Disputes with Merchants and Service Providers

If a problem arises regarding items or services purchased with your credit card, you may have the right not to pay the balance due. You must first allow the merchant or service provider the opportunity to correct the problem. In the case of items purchased, you must return the items to the store and ask for an exchange or a repair. In the case of services, you must request that the provider redo the services or repair any damage. If the merchant or service provider is unable to satisfactorily correct a problem, then you may inform the credit card company that you want to stop payment. Request form #359, complete it, and fax or mail it back to the company. Alternatively, you can download the form from the company's website and submit it by e-mail. You will be asked to provide thorough information regarding date and place of purchase, name of merchant or provider, and the reasons why attempts to correct the problem were not satisfactory. No further payments will be required on the charge under dispute while your request is being reviewed. There are three limitations on this right: purchase ·The must have been made within 60 days of submitting #359. •The purchase must have been made in your home state or within 130 miles of your current mailing address.

•The price of the purchase must be greater than \$50.
